You're welcome, Greg. Your account was never created. If you do need an account we can get you setup Tuesday AM.

The only 3 accounts created were for **OPM-4**, **OPM-2**, and **OPM-6** for eOPF and EHRI.

Danielle's file below was updated with user names, system names and dates. You will see where their accounts were added and removed + many other updates associated with OPM Data systems.

Thank you for the quick response!

Can you give me the list of people who did have access and we revoked their access?

Also, can you tell me if I have access?

On Feb 6, 2025, at 10:04 PM, Foster, Ozie L. @opm.gov> wrote:

Good evening, everyone

OPM-6 and **OPM-2** accounts have been disabled for both EHRI DW [on prem] and eOPF [on prem Oracle & Azure SQL]. Also OPS verification that accounts were never used.

I will verify account status for OPM-5, OPM-3, and OPM-4 in the AM but I'm sure it's the same of unused.

Thank you,

Ozie Foster

+Ozie

Greg,

OPM-6 and OPM-2 had access to eOPF/eHRI but never logged in. OPM-4 never completed the process to get access.

Ozie will get them removed tomorrow morning.

Thx, MC

MC:

I will get back to you tomorrow on your list below. In the mean time, we have never needed access to ERHI/eOPF so if any access was granted there it can be removed immediately, and your DBAs can have their access back immediately, too.

Greg

From: Price, MC < @opm.gov> Sent: Thursday, February 6, 2025 5:33 PM **To:** Hogan, Greg < @opm.gov> **Cc:** Ezell, Charles E. @opm.gov> Subject: RE: Getting DoGE Engineers access

I will check, however, I believe the folks listed below have full Production access to OPM.gov, USAJOBS, USA Staffing and USA Performance, to our Azure landing zones, and to Akamai portal.

Do you want to remove them? And if so, do you want to return our OCIO folks to their original permissions?

MC

From: Hogan, Greg @opm.gov> Sent: Thursday, February 6, 2025 5:27 PM @opm.gov> **To:** Price, MC Cc: Ezell, Charles E. < @opm.gov> **Subject:** Re: Getting DoGE Engineers access

Can someone share with me what access is still set up that was in response to the below email chain?

Based on the below email chain, it looks like this is the list of people that may have been granted access to certain systems:

OPM-6 @opm.gov
OPM-2 @opm.gov
OPM-4 @opm.gov
OPM-5 @opm.gov
OPM-3 @opm.gov

I want to start unwinding peoples access if it is currently unnecessary.

Yep, I understand. They won't have a lot of time to go through a lot of presentations on what the systems are and what the program officers feel about the programs, etc. You understand.... Bu it there is an architecture level engineering perspective that could be shared that might be helpful if

it could be done at some point.

Sure, just send me a list of names and we'll give them access and hook them up with the folks that can give them the deep dive/documentation on the Apps.

I'm assuming these engineers have GFE/PIVs or will get them soon?

One note, some of the HI systems we simply host and do not have the dev access....those devs live in HI.

MC

Sent: Monday, January 27, 2025 4:20 PM To: Price, MC < @opm.gov> **Subject:** Getting DoGE Engineers access

MC,

We are rapidly ramping up some engineers here. To accomplish this goal, these engineers need the following items urgently, starting with a short list of all the systems OPM operates and manages.

Right now we don't have immediate plans to change anything but if we need to we might need to move quickly.

For each computer system, (whewe need:

- Code read and write permissions
- Deploy ability Octopus deploy
- Monitoring dashboards (e.g. displaying success rates, volume of traffic)
- Documentation (e.g. test and deploy instructions, system diagrams)
- The on-call rotation for the system
- Names of all engineers deeply familiar with the system
- Names of all product/project managers deeply familiar with the system
- Ability to access the system as a regular user (e.g. hiring manager and onboarding user for USA Staffing)
- Ability to access the system as an admin user Prioritize USA Staffing, USAJOBS, and EHRI.

Again we don't have any immediate plans for new engineers to make direct changes to any of these systems.

I'll get you the list of Engineers but I think OPM-5 and OPM-3 have already been setup with some access.

Thank you

Subject: RE: Internal User Access Audit

Good Afternoon,

Thank you for responding to the initial audit call. In addition to the original ask, we're asking that you please provide the Cybersecurity Division with **evidence of the system account approvals** for all internal OPM user accounts created since 1/20/2025 until 2/12/25 (Please use list of already identified users). As the System Owner responsible for approving OPM information system access, please provide the formal approval artifact for all internal OPM accounts created during this timeframe." **All responses are due by 2/20/2025.**

Example Artifacts:

- 1. Email request from user and approval.
- 2. Email request to helpdesk with approval from supervisor.
- 3. Azure access packages approvals.
- 4. Other.

Account Creation Artifacts

Thanks!

Importance: High

Good Evening,

As requested by the OPM CIO, the Cybersecurity Division is conducting a review of **all internal OPM user accounts** created between 1/20/2025 and 2/12/25. As the System Owner responsible for approving access to an OPM information system, please provide the following information. **All responses are due by 2/17/25**.

Account Creation Audit

- Employee Name
- Account Username
- System Name
- Date Created

Please provide questions to <a>@opm.gov.

Thanks!

Subject: USAJOBS admin accounts

Date: Monday, January 20, 2025 6:41:52 PM

Attachments: image001.png

Hi all,

We have created administrator accounts with super user permissions for the USAJOBS admin systems below. The Web Admin system utilizes OPM single-sign-on (EntraID) to automatically log you in. In Agency Talent Portal you can use PIV or login.gov to authenticate into the system. Please let me know if you have any questions or issues with accessing these sites!

USAJOBS Web Admin

https://webadmin.usajobs.gov (production)

https://webadmin.uat.usajobs.gov (user acceptance testing environment)

https://webadmin.test.usajobs.gov (test environment)

https://webadmin.dev.usajobs.gov (development environment)

USAJOBS Agency Talent Portal

https://agencyportal.usajobs.gov/ (production)

https://agencyportal.uat.usajobs.gov (user acceptance testing environment)

https://agencyportal.test.usajobs.gov (test environment)

https://agencyportal.dev.usajobs.gov (development environment)

Thanks,

Quadrina Quinn

Subject: Access to USAJOBS

Date: Tuesday, January 28, 2025 4:29:25 PM

Attachments: <u>image001.png</u>

Hi all,

The requested access, permissions and documentation are below. Please let us know if you have any questions or issues!

- Code read and write permissions
 - Code read and write permissions will be granted via GitHub. The USAJOBS repositories can be located here. If you have any issues please contact Christopher Inman
- Deploy ability Octopus deploy
 - Deploy ability in <u>Octopus Deploy</u> If you have any issues please contact <u>Christopher</u> Inman.
- Monitoring dashboards (e.g. displaying success rates, volume of traffic)
 - USAJ Production Azure Application Insights Dashboard
 - <u>USAJ UAT Azure Application Insights</u>
 - USAJ Test Azure Application Insights
 - USAJ DEV Azure Application Insights
- Documentation (e.g. test and deploy instructions, system diagrams)
 - USAJOBS code repository <u>readme</u>
 - USAJOBS infrastructure readme
 - USAJOBS system <u>diagram</u>
- The on-call rotation for the system
 - Tony Dalton 202 (Devops/system administration)
 - James Moon 478- (DBA)
- Names of all engineers deeply familiar with the system
 - Keith Lawrence Systems Architect
 - Saleim Abushanab Lead Developer
 - Jacob Riley Lead Developer
 - Wayne Kaye Lead Developer
 - Marshall Fordham Supervisor
 - Quadrina Quinn Supervisor
 - Luke Sarazine Supervisor
- Ability to access the system as a regular user
 - USAJOBS.gov accounts will need to be self-registered.
- Ability to access the system as an admin user.
 - <u>USAJOBS Web Admin</u> accounts created with super user permissions. The Web Admin system utilizes OPM single-sign-on (EntraID) to automatically log you in
 - <u>USAJOB Agency Talent Portal</u> account invites sent. You can use PIV or login.gov to authenticate into the system.

Thanks,

Quadrina Quinn

Subject: Re: urgent request from political tech staff

Good Morning MC/Teresa,

I can't seem to find the first request for the 6 individuals that we granted this access for. I'm thinking it was due to the 911-esque call we had that evening. Can you please confirm guidance/approval for the access for these folks from 1/20/25, for documentation purposes?

Individuals from the Political Team:

amanda.scales@opm.gov

opm.5
 @opm.gov

greg.hogan@opm.gov

opm.7
 @opm.gov

opm.3
 @opm.gov

charles.ezell@opm.gov

Thank you,

Corey Hurst

Subject: urgent request from political tech staff

Quadrina, Brice, Corey, Daniel, Ozie, Dave, Luke, Paul, others as needed.

We have already given several of the political devs/engineers comprehensive access to USAJOBS and USA Staffing, and local admin, Enterprise Github licenses, etc. Now we have 3 more individuals with the same requirement. We'll start with USAJOBS, USA Staffing, and eOPF/EHRI. USAP will be next, so might as well go ahead there. I will give them the leads to work with for these three and they will most likely reach out to discuss the bullets below (the how to's, along with the access).

The need to have access today, so please work through all the wickets, and Luke/Quadrina/Marshall, Brice/Daniel, Ozie, send them an intro message letting them know (please copy me).
